

A diagram showing a 3x3 grid of nodes, each represented by a circle with a cross inside. The nodes are arranged in three rows and three columns. The bottom-left node is labeled with a circled '1' below it. Arrows indicate connections to specific nodes: 'CIRCUIT 6' points to the top-left node; 'CIRCUIT 1' points to the middle-right node; and 'CIRCUIT 2' points to the bottom-middle node.
